Topic: Good Governance

Importance: Himachal HPAS Prelims and Mains

What is the news?

- Chief Minister Jai Ram Thakur launched online RTI portal of the Department of Administrative Reforms here today.

HP Government Launched online RTI Portal

Why important?

- Himachal Pradesh became the first state among small states and the fourth after Maharashtra, Karnataka, and Uttar Pradesh in the country to launch this portal.

Shared by CM:

- Chief Minister while appreciating the efforts of the department in launching this online portal said that it would facilitate the citizens to apply, get information and appeal under RTI Act, 2005 at their door steps without visiting any office or public authority.
- Jai Ram Thakur said that this initiative would go a long way in reducing the footfalls in government offices and ensure timely information access to the seekers.

Importance: Himachal HPAS Prelims and Mains

What is the news?

- The water crisis is affecting Dharamsala.

Reason shared:

- We have been told by the Irrigation and Public Health Department (IPH) that the discharge in the river supplying water to our area has reduced considerably due to which there is a shortage.
- The Upper Dharamsala regions depended on the water supply of the rivers fed by the glaciers of the Dhauladhar Ranges. In recent years, glaciers in the region have been declining due to lower snowfall and the resulting stream flow has been significantly reduced.
- For this reason, most areas of the upper Dharamsala face water issues in summer and winter.

Solution:

- Environmental experts had suggested that the government looks for alternative arrangements for water supply in the upper Dharamsala region rather than exploiting it directly from the streams.
- These measures could include the creation of check dams in the higher reaches of the mountains that could hold some quantity for potable water supply schemes.

- Forty-one villages and two cities, Kullu and Manali, were included in the project. Solid waste management, sewerage, drinking water facility, roads and parking, development of untouched tourist destinations and beautification of cities had been included in the plan.

About Amrut scheme:

- Providing basic services (e.g. Water supply, sewerage, urban transport) to households and build amenities in cities which will improve the quality of life for all, especially the poor and the disadvantaged is a national priority.

Atal Mission for Rejuvenation and Urban Transformation (AMRUT) aims at:

- Ensure that every household has access to a tap with the assured supply of water and a sewerage connection.
- Increase the value of city amenities with well-maintained green and open spaces (e.g. parks) and
- Reduce pollution by switching to public transport or constructing facilities for non-motorized transport (e.g. Walking and cycling). All these outcomes are valued by citizens, particularly women, and indicators and standards have been prescribed by the Ministry of Housing and Urban Affairs (MoHUA) in the form of Service Level Benchmarks (SLBs).
