Topic: Cyber Crime

Importance: Himachal HPAS Prelims and Mains'

What is the news?

- Cyberspace has become a new crime hot spot. Up to 18,000 cybercrime complaints have been received in Himachal during the past five years (2017-2021).
- The number of cyber crime cases has grown at an alarming

pace during the lockdown period. No fewer than 6,258 cybercrime complaints were received in 2020 and 6,207 in 2021, up from 2,914 in 2019. Besides, financial frauds, cybercrime against women by blackmailing and threatening, stalking, defamatory, morphing, fake profile and Internet crime through online gaming and sextortion, and targeting of old affluent men have increased significantly.

Steps Taken:

- Two cyber police stations will be installed in Kangra and Mandi with cutting-edge infrastructure and the latest technologies and equipment, to combat crime.
- “Cyber cells have been established in all 12 districts of the state. A cyber police station at the Shimla headquarters is being shifted to an independent spacious place in the SDA complex at Kasumpti, Shimla, where dedicated units and a cyber lab will be set up. It will become functional soon. Software and hardware worth Rs 1.5 crore have been purchased in the past one year for modernization and upgrade to detect and solve cybercrime cases,” says Rohit Malpani, SP, Cyber Crime.

Challenges:

- Criminals are abusing social media. It is difficult to track and trace them, as most of the social networking sites are functioning from abroad and connecting and communicating with them is a time consuming process, which retards the pace of the investigation. However, the number of FIRs registered is only 585 (about 3 per cent), as people are concerned with money refund in financial cases and fear social stigma in other cases”.
- The police claim that the success rate in getting the money refunded in financial frauds is between 10 per

cent and 15 per cent, which is better than most of the other states. However, catching criminals still remains a daunting task as most of them operate from other states such as West Bengal, Odisha, Delhi, Haryana, Jharkhand, Bihar and Uttar Pradesh and even abroad. About 75 police personnel are looking after cybercrime in the state.

Rate alarming during covid lockdown:

- The cybercrime cases increased at an alarming rate during the Covid lockdown period. Besides, financial frauds, cybercrime against women by blackmailing and targeting of old affluent men has increased significantly.
- The police claim that the success rate in getting the money refunded in financial frauds is between 10 per cent and 15 per cent, which is better than most of the other states.
- However, catching criminals still remains a daunting task as most of them operate from other states such as West Bengal, Odisha, Delhi, Haryana, Jharkhand, Bihar and Uttar Pradesh and even abroad.
- About 75 police personnel are looking after cybercrime in the state. Rohit Malpani, SP, Cyber Crime, said: "Creating awareness about cybercrime is the need of the hour."
