(Both in English & ਪੰਜਾਬੀ Language)

Topic: Rural health

News:-Snake bites are taking a toll on Punjab' s rural health.

Background: -

- The inadequacy of the Primary Health Centres (PHCs) in Punjab has surfaced.
- More than 40 lives have Punjab in the state due to the snake bites.
- Also, the majority of the victims belong to poor families, especially the labour class who often work in the fields.
- Antivenom medicines and other arrangements in the government health centres are not satisfactory.
- Due to this poor state, the victims have to be rushed

- to district government hospitals or private hospitals.
- This causes considerable delay in the provision of help to the snakebite victim.
 - This can prove fatal as the first six hours after the snake bite is very critical.
 - Also, the family of the deceased gets a meagre amount of rupees 2 lakhs as compensation.
 - Even though, the Wildlife department had allocated a considerable amount of income.

In 2018-19, around 2.36 lakhs have been released as the compensation even though this amount was much higher in previous years.

So, the rural development, wildlife department and health development departments should tackle this menace together by framing a strategy to prevent snakebite in the mission mode.

Topic: Punjab Heritage

News:- Archaeological Survey of India takes stock of Baba Ram Singh's tomb.

Important facts:-

- The Samadhi was built by Raja Amar Singh in 1780 in

Patiala.

- Baba Ram Singh is regarded as the first Sikh chieftain.
- The research is being undertaken by an eminent visual artist- Dr J S Bhatia.
- His research says that the tomb depicts the paintings of Hindu and Sikh Gurus.
- Besides, it also shows the paintings of Some saints and Pirs.
- A painting also reveals a preacher named Sumer peri along with Ram Singh and his brothers.
- The paintings, the architecture and other aspects of the tomb reveal that it belongs to the eighteenth century AD.
- Now, it falls under the army area and is also facing some damages.

Topic: Industrial Technology

News: -

- The Brick kilns in Punjab have failed to upgrade their Technology.
- Brick Kilns are a great source of pollution as they start operating due to the advent of winters.
- As per the orders of National Green Tribunal, all the 2800 Brick kilns in Punjab had to undergo up-gradation.
- But around 800 have still not shifted to better Technology.
- The new units are supposed to adopt the Zigzag Technology:

- In this, the bricks to be baked are stacked in a zigzag manner.

Positive impact due to better technology:-

- Due to this, the hot air takes a longer path as compared to traditional Brick kilns for transferring the heat.
- Due to this slow and improved heat transfer, coal consumption is reduced by 18 to 25 %.
- But this new technology may lead to higher wages burden as the labourers are demanding higher income for the same work.
- But the government would be imposing a ban of rupees 20000 to 25000 demanding on the plant's capacity.

Here, Punjab Pollution control board needs to play a proactive role in reducing the pollution from such industries.

Punjab can start a State Green Technological up-gradation scheme and fund under the State Action plan on climate change control (SAPCCC).
